Cape Clear Primary School

PRINCIPAL'S MESSAGE

Hi Everyone,

Welcome back to a sunny Term 2. This weather has been magic and we have been making the most of it while it lasts.

Well done to the Grade 4/5/6 students who did the cross country last week. It was great to see all the students attend and participate enthusiastically.

Thank you to those who attended the official opening of our buildings upgrade on Monday. It was wonderful to finally celebrate and acknowledge the upgrades as a community. This has been a long process for many and it is now fantastic to see the students and staff benefiting from these improvements.

Last week I sent out information regarding our camp in Week 5. Please take the time to read the information and fill in the forms. The students are very excited as are the staff. The students will be accompanied by myself, Mrs Murphy and Janet on the camp.

In the coming weeks, students in Years 4, 5 and 6 will get an opportunity to provide feedback to the school via the annual Attitudes to School Survey. This survey is offered by the Department of Education and will assist us to gain an understanding of students' perceptions and experience of school.

The survey will be conducted between Tuesday 7th May and Friday 14 June 2024. Participation in this survey is voluntary. If you do not wish for your child to do the survey, please let me know before Tuesday 7th of May.

A reminder to all the special mums (and others) that hope to attend our special Mother's Day Breakfast on Monday 13th of May. Please message the school mobile to let us know you intend on coming so we can cater accordingly.

Have a great weekend,

Lynly Doherty
Principal

DATES TO REMEMBER

MAY

Monday 6th

-Grade 4-6 Cressy
Aerodrome Excursion

-Assembly 2:45pm

Friday 10th

-Winter Sports Day 1 (Grade 4-6)

Monday 13th (change of date)

-Mothers Day Breakfast
8:45-9:30am

Wednesday 15th—17th

-Whole School Camp CBTS

Monday 20th

-Assembly 2:45pm

Friday 24th

-Winter Sports Day 2 (Grade 4-6)

Friday 31st

-Winter Sports Back up day
(Grade 4-6)

JUNE

Monday 3rd

-Assembly

2024 TERM DATES

TERM 1: 30 January – 28 March

TERM 2: 15 April – 28 June

TERM 3: 15 July – 20 September

TERM 4: 7 October – 20 December

Learning Updates

Over the past few weeks the junior class has been learning all about length and measurement in Maths. Recently, we have been investigating how tall we are using a range of different measuring tools. Students worked in small groups to measure each other and record their findings. We are working towards making posters to display our findings and we will share these in the coming weeks.

Learning Updates

This term we have been learning about perimeter and how to calculate it from regular and irregular shapes. Some of us went outside and measured big things such as the whole school, the tennis court etc. others measured small things inside like the tables or the doorway even the lino! So that was what the senior class has been doing this term in maths.

By Hunter

These past few weeks the senior class has been learning about Perimeter and they have been very busy. Quincy, Hunter and myself have done the perimeter of objects and places around our school including the school itself. How we found and determined what was the perimeter was, by adding the width and the length of an object together and then adding the same number again.

By Kaelan

This past few weeks we have been learning about Perimeter. How you find the Perimeter of a shape, first you measure the length and the width and add them up.

Oliver B

Since the start of the term, we've been working on length and perimeter in maths. Last week: me, Kaelan, Harry and Hunter measured the whole school with trundle wheels. This week we all split up into six groups of two and one with three and measured some things in the class room and stuff outside.

Quincy

The last 2 week's we've been learning about perimeter. We measured a group of 3 tables in the classroom. My estimate was 4.20 metres and the answer was 6 metres.

Oliver M

We have been learning about Perimeter. We measured the garden shed with a trundle wheel. We estimated the perimeter was 22m. It was 20 metres. My estimate was close.

This week I received confirmation that our Swim and Gym program has been confirmed for Term 3. Our first session will be Wednesday 24th of July and will be every Wednesday for 9 weeks. This is always an exciting time and we look forward to seeing many of you there. More information will go out closer to the date.

JOIN US FOR A SPECIAL
*Mother's Day
Breakfast*

Mothers, grandmothers and special ladies are invited to join us for a Mother's Day Breakfast hosted by the students.

Monday the 13th of May from 8:45am.

Please RSVP to the school mobile by 10th of May if you can make this special event so we can cater accordingly.

Winter Warmers

Students are welcome to bring in \$1 each Tuesday to get a hot chocolate and cookie.

Every Tuesday in Term 2
\$1

Wellbeing

CHAPLAINS WORD.

During the last two weeks of the chaplaincy program, we have done cooking, teamwork, and workshopping communication. It takes a lot of practise to be both competitive and kind!

Some of the skills we have focussed in on are; listening to one another, how to make things fair when working in team environments, tone and how we express our opinions and thoughts, and encouraging others.

For all of us these skills are crucial for family relationships (like when we play Monopoly against one another), for the workplace, and for how we interact with others in general. It has been great to hear and see students encourage one another, work as a team, and be able to express their own ideas. We will continue to work on these skills through games, cooking and discussion in the next few weeks. Well done Cape Clear Kids!

Osh Club has been busy the first few weeks of term. Students have made cardboard cut outs of earth and painted these. They have made race cars from Lego and set up a race course to race cars in time frame .Osh club will continue again next term. OSHClub is open 5 days a week from 3pm to 6pm. Please call in and chat with Heather on 0458437963 to enrol your child.
